

I oppose loosening the rules designed to promote and protect diversity of media ownership. These rules were adopted to ensure that the public would receive a diverse range of viewpoints from the media, and not simply the opinions of a handful of media conglomerates. The cable ownership

cap is a crucial element of our democratic media, and it should not be weakened.

Not only do I oppose the loosening of the regulations, I believe that regulations are now necessary to prevent any one entity to dominate internet access.

Please keep and enforce the regulations regarding cable ownership and please maintain and enforce the cross-ownership rules.
